

Dependable Fixing Bolt for Concrete

Product Images

Description

Production Equipment Europe
Superior Service – Single Source

The Dependable Fixing Bolt for Concrete is designed for reliable and consistent performance in cracked and uncracked concrete. The Fixing Bolt for Concrete has a long thread for flexibility in fixture thickness and a cone angle for a speedy installation

- Fully threaded (M12), torque controlled, wedge expansion anchor
- Suitable for a range of base materials with a nominal drill bit size the same as the anchor diameter
- 100mm length, 19mm ring diameter
