

Texwipe AlphaWipe Dry Wipers

Product Images

Description

Texwipe's AlphaWipe® Dry Wipers are constructed from 100% continuous filament polyester in a double-knit, no-run interlock pattern. Completely cleanroom laundered and packaged, Alphawipe® Dry Wipers are highly-sorbent, making them the ideal choice for critical cleanroom environments

- 100% polyester fibre, double-knitted continuous filament
- Completely cleanroom laundered and packaged
- Low levels of extractables and particulate generation
- Resists abrasions from rough surfaces
- Excellent chemical resistance
- Solvent-safe packaging
- Lot-to-lot traceability
- Size: 23 x 23 cm
