

Q Max Sheet Metal Punches

Product Images

Description

The Q-Max Sheet Metal Punches are available in a large range of sizes and have been designed to provide a quick and easy way to cut clean, precise holes in sheet metal. Rusting is prevented, as the Q-Max Sheet Metal Punches boast heat treated cutting edges with a black, anti-corrosive surface finish, making these metal punches the perfect choice for any job

- Available in 34 different sizes
- Square version available
- Allows even load during cutting
- Creates burr-free hole that does not require extra finishing
- Heat treated cutting edges
- Black, anti-corrosive surface finish to prevent rust

Please note all punches are sold singly without key, which should be ordered separately
