Description

NLG MEWP Tool Tethering Kit can help prevent dropping accidents on site, keeping workers and tools safer while using a Mobile Elevated Work Platform (MEWP). The Cherry Picker Tool Tethering Kit from NLG is designed for storing tools at elevated working conditions

- Designed for teams using an elevated work platform or a cherry picker
- Holds up to 30kg of tools, with 6 attachment points supporting up to 5kg each
- Includes a velcro-fastened MEWP Bag for smaller hands tools
- Helps prevent accidents caused by falling tools at high working conditions
- Long, flexible bungees for control and ease of access
- Kit includes:
 - 1 x MEWP Bag
 - 5 x Extended Bungee Tool Lanyard
 - 1 x Tether Tape
 - 4 x Large D Ring Tool Tether
 - 4 x Small D Ring Tool Tether
