

DuPont Tyvek IsoClean Slip Retardant Boot Cover

Product Images

Description

Production Equipment Europe
Superior Service – Single Source

The DuPont Tyvek IsoClean Slip Retardant Boot Cover features a Gripper™ sole for enhanced slip resistance and robustness. An elasticated ankle and tunnelled elastication at the shin ensure that the IsoClean Boot Cover will stay in place and not slip down

- Provides a barrier to particles, microorganisms and non-hazardous water-based light liquid splash
- Bound internal seams
- Tunnelled elastication at shin
- Elasticated ankle and ties to keep cover securely in place
- Gripper™ Sole ensures user will not slip
- Breathable and highly low-linting
- Not clean-processed
- Not sterilised
- Constructed from Tyvek 500 material; flash spun, high density polyethylene which creates a unique, non-woven material, offering enhanced protection levels
- Colour: white
- Single overboot
- Certified according to Regulation (EU) 2016/425
- Partial body chemical protective clothing, Category III, Type PB (6-B)
- EN 14126 (barrier to infective agents)
- Suitable for use in GMP class C/D (ISO Class 6-9) clean rooms
