REUSABLE MASK

Reusable cotton face mask.
Washable at 60 degrees up to 25 washes, ensuring
breathable air quality and providing comfort.

DESCRIPTION :	Reusable cotton face mask. The joining of the external components of the nose and chin area is done by seams. That guarantees resistance to the conservation and cleaning process. Nose support integrated in the upper part (nasal clip for easy adjustment) made by elastic. Washable at 60 degrees up to 25 washes, ensuring breathable air quality and providing comfort.
